

## COME-MILLION

Come-Million is a giant colorful chameleon that shines beautifully in million colors. Her skin is made of a scales that carry thousands of little lights. As a social animal, the colors change in reaction to the explorers inside it, sensed through its pumping heart.

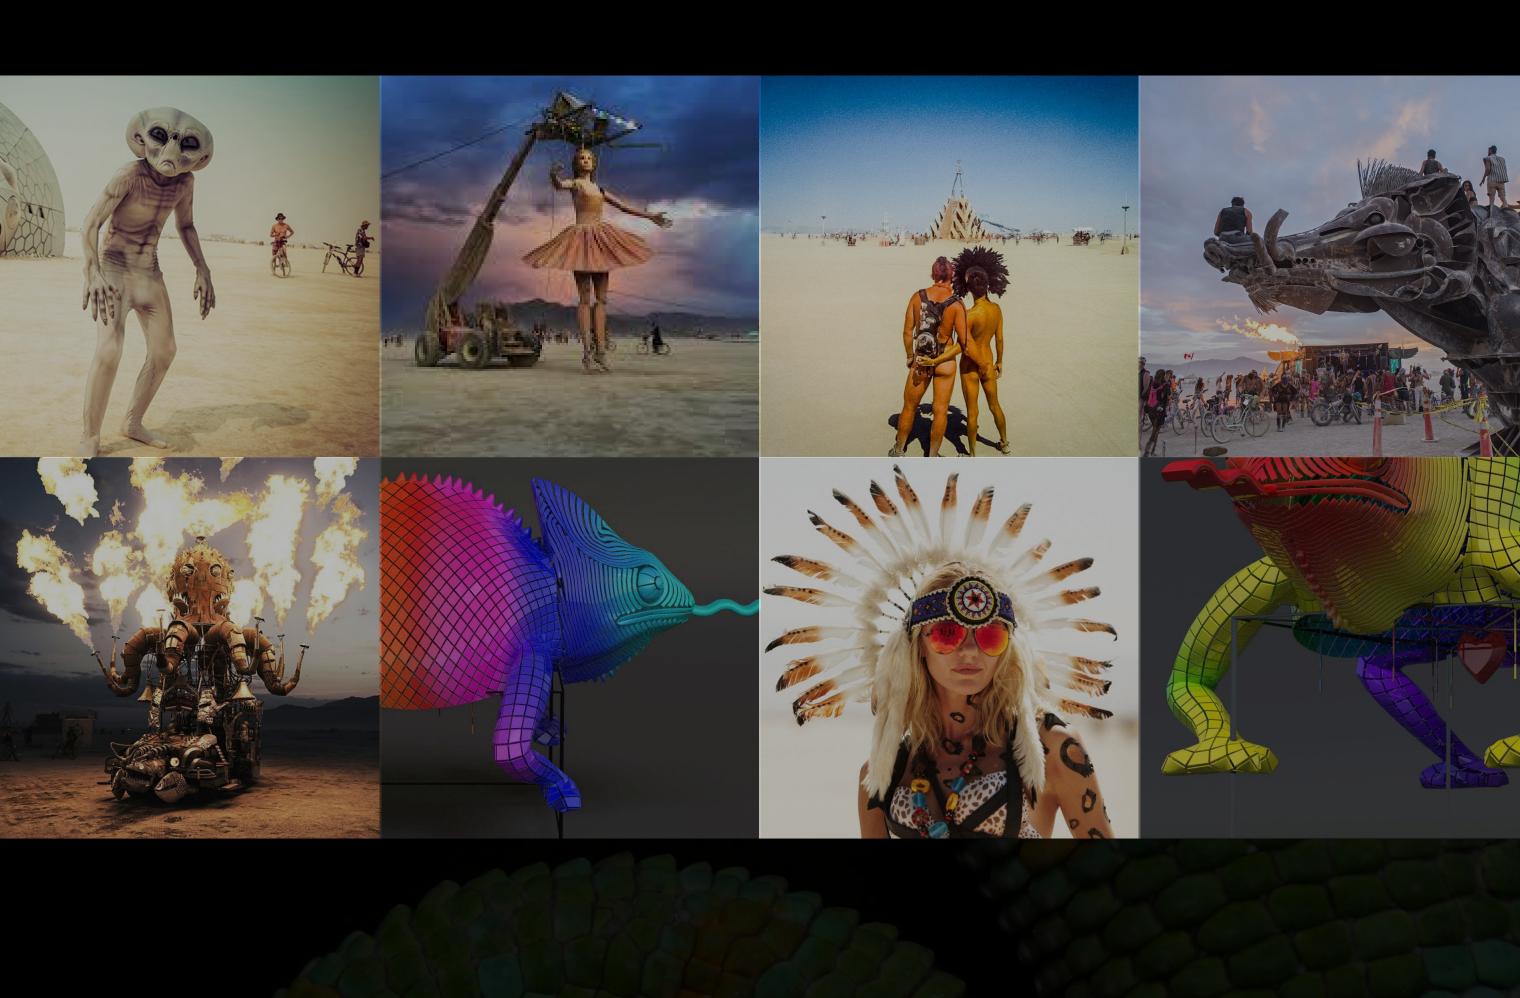

## → OUR MISSION →

We are about to create something exciting that is greater than the sum of our parts - fusing our skills together to make something that we could not otherwise achieve. With this spirit of connection we will start a journey and bring to life our mindfruit - "Come-Million!"

## → OUR TEAM →

We are a collective of artists, designers, engineers, makers, and dreamers. We have a long track record of success, producing artistic creations and installations for museums, commercials, festivals and just for fun.
